

Women in Trades and Technology

Career Information Sessions

Spring 2005

Would you enjoy ...

- ⇒ **Earning 20% - 30% more than traditional women's jobs in a career typically considered "men's work"**
- ⇒ **Doing outdoor, physical, shop, hands-on, technical or mechanical work**
- ⇒ **Learning more about FREE programs in the community that help women explore, prepare for, and enter these careers**

*Attend ONE of the following
Women in Trades and Technology Career Information Sessions
Call Joy Wiggert, Employment & Training Association,
at (608) 242-4565 to register. Registration required.*

Dates and Times:

Wednesday, March 30, 2005	6:00 pm – 9:00 pm
Thursday, May 12, 2005	6:00 pm – 9:00 pm
Tuesday, June 7, 2005	6:00 pm – 9:00 pm

Locations:

Madison Area Technical College
2125 Commercial Avenue, Madison (by Oscar Mayer)

A Women in Trades and Technology (WITT) Career Information Session is the starting point for women in South Central Wisconsin who want to learn more about high wage, high skill nontraditional careers. After attending a WITT session, women deciding to pursue job seeking or training assistance will return within one to two weeks to complete academic and career assessments. The WITT sessions and related services are provided by Madison Area Technical College's Tools for Tomorrow Program, the Dane County Job Center agencies and the YWCA of Madison.
